

WSR Trails Information

Motorized users utilizing trails within this area must stay on designated trails between May 17th and October 19th. Legal trails that access the Gulkana National Wild River are designated by the BLM. These trails include:

Swede Lake, Dickey Lake, Middle Fork, and Hungry Hollow.

These routes are identified by route markers with OHV stickers. Outside of the above dates cross country travel is allowed provided there is adequate snow cover. Adequate snow cover is defined as an average of one foot of snow, within a minimum of 6 inches.

Wild and Scenic Rivers are federally designated rivers that are afforded special protections and management by the Bureau of Land Management.
